Nicolas Perret

Industrial Maintenance Technician

Villeurbanne, France · nicolas.perret@example.com · +33 6 00 00 01 01

Maintenance technician with 7 years on automated production lines (presses, conveyors, welding robots). Comfortable with electrical, mechanical, pneumatic and hydraulic troubleshooting, and used to 3-shift work.

EXPERIENCE

2021 - present · Maintenance Technician, Rhône Emboutissage (automotive stamping), Vénissieux

- Corrective and preventive maintenance on 6 press lines and 4 welding robots, 3x8 shifts
- Troubleshooting Siemens S7-1500 PLCs (TIA Portal), drives and safety circuits
- Maintains the preventive plan in the CMMS (CARL Source); reduced breakdown hours by 18%
- Led 3 root-cause analyses (FMEA / AMDEC, 5 Whys) on recurring conveyor stops

2017 - 2021 · Electromechanical Technician, Alpes Plastiques, Grenoble

- Injection presses and peripherals: hydraulics, heating, robots; on-call duty
- Retrofitted 2 lines from S7-300 to S7-1500 with an integrator

EDUCATION

2017 · BTS Maintenance des Systèmes (MS), Lycée La Martinière, Lyon

CERTIFICATIONS

Electrical clearance B2V / BR / BC (renewed 2025)
